### Bron

|                        |                   |
|------------------------|-------------------|
| Type LED               | SMD               |
| Vermogen               | 12W               |
| Kleurtemperatuur       | 2700K-3000K-4000K |
| Geïntegreerde selector | Kleurtemperatuur  |
| Systeemlichtstroom     | 1400-1500-1600    |
| Levensduur             | L80 B20 50.000H   |

### Voeding

|            |        |
|------------|--------|
| Voeding    | AC230V |
| Dimbaar    | Ja     |
| Dimmethode | TRIAC  |

### Product

|                  |               |
|------------------|---------------|
| Materialen       | Polycarbonaat |
| Afwerking        | Mat zwart     |
| Afmetingen in mm | Ø180x24       |
| Werktemperatuur  | -40°C +50°C   |

### Optiek

|                 |                  |
|-----------------|------------------|
| Hoeken          | 120°             |
| Optisch systeem | Diffuseur opalin |

### Installatie

|             |                           |
|-------------|---------------------------|
| Bevestiging | Aucune fixation apparente |
|-------------|---------------------------|
