

## VELTO

Referencia de pedido

**6750121**

### Fuente

|                            |                   |
|----------------------------|-------------------|
| Tipo de LED                | SMD               |
| Potencia                   | 35W               |
| Temperatura de color       | 2700K-3350K-4000K |
| Flujo luminoso del sistema | 4200              |
| LM/W                       | 120               |
| Vida útil                  | L90 B20 50.000H   |
| Número de ON/OFF           | >20 000           |

### Alimentación

|              |        |
|--------------|--------|
| Alimentación | AC230V |
| Driver       | Incl.  |
| Regulable    | No     |

### Producto

|                               |                  |
|-------------------------------|------------------|
| Materiales                    | Aluminio + PC    |
| Acabado                       | Blanc RAL9003    |
| Pintura                       | Pintura en polvo |
| Dimensiones en mm             | 1204,5x50x62m    |
| Prueba de hilo incandescente  | 650°             |
| Temperatura de funcionamiento | -10°C / +45°C    |
| Humedad de funcionamiento     | 10% - 90%        |

### Óptica

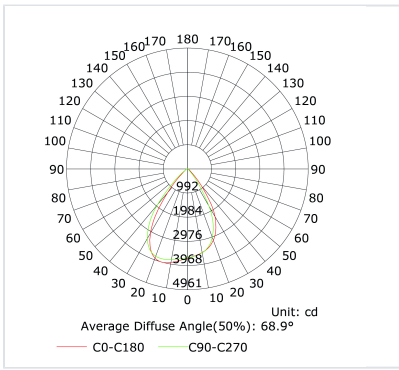

|                |                   |
|----------------|-------------------|
| Ángulos        | 70°               |
| Sistema ottico | Lentilles         |
| Direction      | Unidirectionnelle |

### Instalación

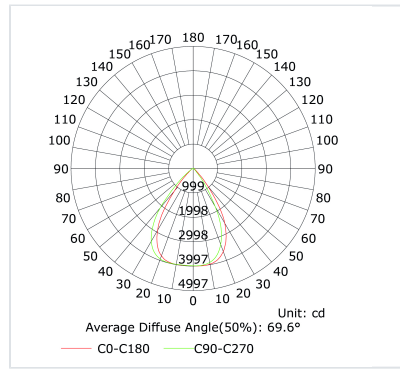

|          |                             |
|----------|-----------------------------|
| Fijación | Adaptateur rail 3 allumages |
|----------|-----------------------------|
