### Lichtquelle

|                           |         |
|---------------------------|---------|
| Type de LED               | SMD     |
| Marque de la LED          | Samsung |
| Puissance                 | 30W     |
| Teinte                    | 4000K   |
| Flux sortant système (lm) | 3200lm  |
| LM/W                      | 107     |

### Optik

|                    |                  |
|--------------------|------------------|
| Angles             | 100°             |
| Dispositif optique | Diffuseur opalin |

### Installation

|                       |                             |
|-----------------------|-----------------------------|
| Fixation              | Adaptateur rail 3 allumages |
| x_studio_compatibilit | Rail TRIO                   |

### Stromversorgung

|                    |            |
|--------------------|------------|
| Power supply       | AC230V     |
| Driver             | Integriert |
| Ampérage du driver | 500mA      |
| Dimmable           | Nein       |

### Produkt

|                               |               |
|-------------------------------|---------------|
| Matériaux                     | Aluminium     |
| Finition                      | Weiß          |
| Dimensions en mm              | 1087x33x52    |
| Température de fonctionnement | -20°C / +45°C |
