

## ARTELINE

Referencia de pedido

**804101**

### Fuente

|                            |         |
|----------------------------|---------|
| Tipo de LED                | SMD     |
| Marca del LED              | Samsung |
| Potencia                   | 30W     |
| Temperatura de color       | 4000K   |
| Flujo luminoso del sistema | 3200lm  |
| LM/W                       | 107     |

### Alimentación

|                      |           |
|----------------------|-----------|
| Alimentación         | AC230V    |
| Driver               | Integrado |
| Corriente del driver | 500mA     |
| Regulable            | No        |

### Producto

|                               |               |
|-------------------------------|---------------|
| Materiales                    | Aluminio      |
| Acabado                       | Blanco        |
| Dimensiones en mm             | 1087x33x52    |
| Temperatura de funcionamiento | -20°C / +45°C |

### Óptica

|                |                  |
|----------------|------------------|
| Ángulos        | 100°             |
| Sistema ottico | Diffuseur opalin |

### Instalación

|          |                             |
|----------|-----------------------------|
| Fijación | Adaptateur rail 3 allumages |
|----------|-----------------------------|
