

## ARTELINE

Order reference

**804102**

### Light Source

|                    |         |
|--------------------|---------|
| LED type           | SMD     |
| LED brand          | Samsung |
| Power              | 30W     |
| Colour temperature | 3000K   |
| System output flux | 3200lm  |
| LM/W               | 107     |

### Power Supply

|                |            |
|----------------|------------|
| Power supply   | AC230V     |
| Driver         | Integrated |
| Driver current | 500mA      |
| Dimmable       | No         |

### Product

|                       |               |
|-----------------------|---------------|
| Materials             | Aluminium     |
| Finish                | Black         |
| Dimensions in mm      | 1087x33x52    |
| Operating temperature | -20°C / +45°C |

### Optics

|                |                  |
|----------------|------------------|
| Angles         | 100°             |
| Optical system | Diffuseur opalin |

### Installation

|          |                             |
|----------|-----------------------------|
| Mounting | Adaptateur rail 3 allumages |
|----------|-----------------------------|
